INDIANA TOLL ROAD ADVERTISING OPPORTUNITIES 2025

WHY THE TOLL ROAD MARKET IS SO IMPORTANT

Advertising on the Indiana Toll Road grants you access to a qualified audience that is larger and more cost effective than the entire Chicago Market.

Without an advertising presence on the Toll Road, your business is invisible to the 45 million people passing through Northern Indiana along this road each year.

Our programs are proven to be the best way to reach this unique audience and drive business off the Toll Road year after year.
